**I'm really worried
that if I want to go
on the pill or
something my
doctor will tell my
mum.**

DID YOU KNOW AT BALMORAL SURGERY. . .

You can drop in after 4pm on weekdays without an appointment to discuss with the nurse any contraception or sexual health worries.

You can get emergency contraception, for example “the morning after pill”.

You can get free condoms here if you are under 24 or anywhere else where the C-card sign is displayed.

You can get a home Chlamydia screening kit, just ask your GP or a practice nurse.

You can see a doctor or nurse to get help or advice with contraception or sexual health even if you are not a patient at this surgery.

You can ask to speak to a receptionist in a private area in confidence.

“We are here to listen but not to tell”

This means that you can tell others about this visit, but we won’t.

We provide a confidential service to all our patients including under 16’s.

Are you aware that you can change the telephone number on your notes to your number ?
